CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. John Harding  
Cobb Resource Corporation  
313 Washington SE  
Albuquerque, New Mexico 87108

Dear Mr. Harding:

An inspection of the Section 32 mine (N00-C-14-20-5672) was conducted on March 13, 1985, and it was found that all reclamation work has been satisfactorily completed. The revegetation has been quite successful in the fenced mine yard area.

Cobb Resource Corporation has agreed to turn the fence around the minesite over to the Allottee and inform the Allottee to keep the fence intact for two (2) additional years.

Therefore, we are recommending to the Bureau of Indian Affairs there is no objection to the relinquishment of this lease and release of the lessee bonded liability. We appreciate your efforts on the reclamation of the minesite. If you have any questions, please contact George Tetreault of my staff at the above address or telephone (505) 766-3114.

Sincerely,
